**Bennett Adelson Counted Among Top Finalists for the 2010 Microsoft Application Infrastructure Development Partner of the Year**

**Cleveland, Ohio — June 23, 2010** — Today, Bennett Adelson announced it has been selected as a finalist for the Microsoft **Application Infrastructure Development Partner of the Year** award category. The Microsoft Partner Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions over the past year.

Bennett Adelson is a strategic services partner that helps Microsoft's core enterprise customers to envision, evaluate, implement, and deploy Microsoft technology successfully throughout their environment. Bennett Adelson has built a Microsoft Solution Center in Cleveland, which has become an important environment for companies that are planning large technology implementation investments. "This award recognizes the efforts of many teams throughout Bennett Adelson working very closely with our clients" says **Nick Cicerchi**, Sales Executive at Bennett Adelson. "We are a proud part of the Cleveland technology landscape and this international recognition is fantastic."

Awards will be presented in a number of categories, with winners and finalists chosen from a pool of almost 3,000 entrants worldwide. The Custom Development Solutions, Application Infrastructure Development Partner of the Year Award recognizes exceptional, innovative partners who provide highly customized solutions to support customers' unique business practices, deliver one-off enhancements that enable customers to integrate existing systems with new technologies, or develop extensions to existing Microsoft solutions that customers may already employ.

"Congratulations to the 2010 Partner Award finalists for delivering such creative and superior Microsoft solutions and services," said **Allison Watson**, Corporate Vice President, Worldwide Partner Group, Microsoft Corp. "It's incredible to see the level of expertise our partners continue to exhibit as they create and deliver innovative solutions and services to grow their businesses, meet customer needs, and drive down costs."
